

BrainBang For Parents

Good News for Parents of School Going Children under age 10

Do you have school going children aged under 10 years? Are you and your child stressed about home work and performance in exams? Do you want to teach your child how to learn effectively and embrace the learning experience? Do you want to know about the latest developments in learning?

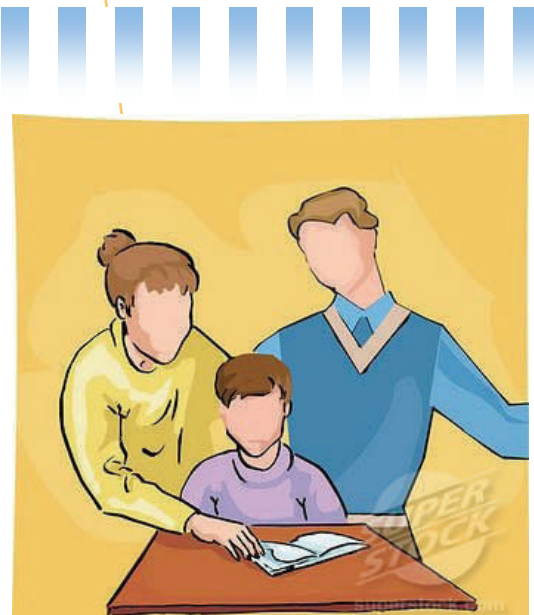

BREAKING NEWS Calling all Mummies and Daddies !!

Help is here.....Announcing. for the first time in Kuwait.....

A NEW PROGRAMME FOR PARENTS
HELPING PARENTS HELP CHILDREN

BrainBang is a non-profit volunteer cell of the Friends of CRY Club, Kuwait who have successfully completed 7 years of conducting the Accelerated Learning Programme for school children from Grade 6 – Grade 12.

Due to popular demand, the BrainBang team is introducing a new programme for parents of children below 10 years of age. This programme will teach parents learning techniques to pass on to their young children. Training will be imparted at a corporate level and the benefits will also help you the parent in the job environment to improve your skills.

Techniques will include the following:

- 1) How to plan your lessons and life using Mind maps**
- 2) Easy ways to learn Mathematics fundamentals**
- 3) Learn to remember abstract facts in an easy way**
- 4) Matrix Memory to understand and remember things**

**Courses will be held on All Fridays of April 2012
at IEAS Salmiya between 12 pm to 2 pm.**

LIMITED SEATSso apply early to book your place.
